Budget protection

Breakdowns happen and the costs can add up. proper maintenance can help minimize this and extended warranty can help keep the budget consistent.

Lock in maintenance parts pricing to protect against inflation throughout the life of the contract!

Increased uptime

Experiencing downtime is incredibly stressful and disruptive, whether it is a routine maintenance or a major repair. Get unmatched quality and service for equipment on time! Chicago Pneumatic is with you to grow your business.

Improved customer satisfaction

By purchasing an extended warranty program, customers can ensure they are protected during every step of their ownership.

Ensure your equipment is protected!

Value

The plan becomes more valuable as the equipment ages. Equipment that is under warranty or an extended warranty is more likely to be well maintained and in good working order. These records can provide more value to the current owner, and can command a higher resale value.

Our Connectivity packages also provides consistent insights about the working condition of your unit.

Our After Sales Protection Plans are transferable and exchangeable!

ASPP
